PluroGen Expands into its Own 21,000 sq. ft. Multi-Purpose Facility

(Norristown, PA, 20 January 2011) – PluroGen Therapeutics, Inc. today announced that it has expanded its operations moving into its own 21,000 sq. ft. facility in Norristown, PA. PluroGen's new facility houses a multiple-room ISO 6 clean-room for product manufacturing, laboratory space, climate-controlled warehousing and offices.

Neal G. Koller, President & CEO of PluroGen, remarks, "Our new facility provides PluroGen the ability to make and deliver our ground-breaking products:

- Single-Antibiotic PluroGel® SSD just launched for our European customers and their patients
- Triple-Antibiotic PluroGel® PNN for our \$8.6M contract with US DoD to obtain FDA approval)
- And PluroGel® only concentrate for our skin & wound cleansing wet wipes partner in Europe"

"The new facility provides us with the space and capacity to hire the additional personnel and place the needed production equipment to support our US Department of Defense award and our worldwide demand for PluroGel® products. PluroGen now has the manufacturing and operations platform needed to support our sales growth for a number years into the future. This is a very important and milestone step forward for the Company."

About PluroGen Therapeutics, Inc.

PluroGen is a burn, wound, and skin care company commercializing its multiple patent-protected technology platforms. The Company's primary platform is its core PluroGel® technology which provides paradigm-shifting, superior and differentiated physical, bio-impact, and multi-function products. PluroGel® is University developed and is in routine use at the University, having shown superior results on more than 10,000 patients in two different patient populations - severe burns and wounds. PluroGen's three technology platforms are configured to deliver a variety of medicinal and beneficial compounds covering the six key areas of treatment in tissue management and healing: 1. Cleansing; 2. Anti-Infection; 3. Reduced Pain; 4. Anti-Inflammation; 5. Tissue salvage; 6. Tissue regeneration.

PluroGen has a strong new product pipeline including PluroGel® Barrier Gels and Dressings, PluroGel® branded topical antimicrobial prescription products and PluroGel® co-branded products with select commercial partners.

PluroGen's senior management, operations team, boards and principal investigators are all recognized global commercial and clinical leaders in PluroGen's target markets of burn and wound care.
